## God Is Calling by Jonathan Brown

Every breath I take every move I make  
I just know my help comes from you  
Every day I wake and each night I pray  
For you lord to make my life brand new  
So many trials I face lord just send down your grace  
Give me the strength to help me run this race  
I want you to use me lord for your purpose and your way  
You gave me the words to say I'm telling the world today

(chorus)

God is calling you to give your life to him  
He'll wash all your sins away  
He'll restore you no matter what your yesterday  
Its all in what you do today tomorrow may never come  
You're to blame if you choose to throw your soul away  
But why not choose the lord today and live your life eternally

Everyday you wait precious time passing away  
What does it profit a man to gain the world and lose his soul  
Don't let it be too late get your soul right today  
And just know that god is on your side  
And on that judgment day you can truly say my lord  
I surrendered all to you  
And then you will receive a crown peace and heaven now  
Life eternally forever with god the king

(chorus)

God is calling just surrender your life today  
I wanna make heaven my home

(chorus)

## **I Give You Praise**

(chorus) Lord I give you praise  
Each and every day  
I get so much joy  
Calling on your name  
The things you do for me  
How you came and set me free  
So that I could have life  
Have life abundantly

(verse) It's a brand new day  
I got a brand new praise  
Gotta do something different from yesterday  
Praise the lord with the timbrel and dance  
I'm gonna praise you if I just clap my hands  
Praise the lord with the trumpet and cymbal  
Old saints break out your washboard and thimble  
Lord I'm gonna lift you up just while I can  
Cause I may not have this chance again  
So we lift our voice unto the lord  
Cause now we're all on one accord  
Liftin up holy hands  
Praising you in the dance  
Giving you all I can  
While I still have this chance  
Lord I want you to know  
My praise is not for show  
I really don't care who sees  
Lord keep on blessing me

(chorus)

(verse) It's amazing how your joy unfolds  
The way it moves down in my soul  
This feeling in words just cant be told  
This holy ghost is moving from head to toe  
I am not ashamed to testify  
How you brought me through so many times  
Thank you lord you heard my cry  
When tears were falling down my eyes  
Lord I'm gonna lift you up just while I can  
Cause I may not have this chance again  
So we lift our voice unto the lord  
Cause now we're all on one accord  
Liftin up holy hands  
Praising you in the dance

Giving you all I can  
While I still have this chance  
Lord I want you to know  
My praise is not for show  
I really don't care who sees  
Lord keep on blessing me  
(chorus)

**Stand** by: Jonathan Brown

See I don't need fortune or fame  
I just want the lord to sign my name  
See I don't need no silver or gold  
I just wanna make heaven my home  
I don't need fancy cars nor diamond rings  
I just want what god has in store for me  
I don't need the pleasures of this world  
Cause I know I've got a great reward in store

See the devil tries to get you with those things  
Just steadfast and the lord will bring  
Down his blessings so abundantly  
I'm a witness and that's why I sing

I don't need the house on the hill  
Don't need the escalade or the benz  
I don't need the ice to prove to man  
I just wanna show god I can stand

Stand for righteousness  
And stand for holiness  
Stand for godliness  
I just wanna show God I can stand

Now I don't need to praise the lord just for show  
Cause all I really need is the holy ghost  
Lord don't you see I really think that you should know  
That I just want to be the one that you can mold  
And I don't need diamonds dangling down  
I just want you lord to bless me with my crown  
And I don't need ten women in my life  
Lord bless me with one I'm satisfied

I don't need the house on the hill  
Don't need the escalade or the benz  
I don't need the ice to prove to man  
I just wanna show god I can stand

Stand for righteousness  
And stand for holiness  
Stand for godliness  
I just wanna show God I can stand

Now lord I know you will supply  
Every one of my needs  
And I know you got a great reward in  
heaven for me  
Keep blessing me with those things that  
I can use for thee  
And I can be the child that you want me  
to be

I don't need the house on the hill  
Don't need the escalade or the benz  
I don't need the ice to prove to man  
I just wanna show god I can stand

Stand for righteousness  
And stand for holiness  
Stand for godliness  
I just wanna show God I can stand

**Only Believe** by: Jonathan Brown

Only believe that Jesus is lord  
He bled and died on Calvary's cross  
He was more than a man a savior our lord  
Jesus you are my everything

If it wasn't for Christ where would we be now  
If it wasn't for him we would be lost  
Only a great man could do what he did  
Jesus you are my everything

Only believe that Christ is the savior  
He came and did what he had to do  
He hung his head and died but he rose again  
Jesus you are my everything

If it wasn't for Christ where would we be now  
If it wasn't for him we would be lost  
Only a great man could do what he did  
Jesus you are my everything

Only believe only believe  
That all things are possible if you only believe

If it wasn't for Christ where would we be now  
If it wasn't for him we would be lost  
Only a great man could do what he did  
Jesus you are my everything

God Is Not Done by Jonathan Brown

God is not done working on me (repeat 2)  
He is not through just yet

I have my faults but god understands  
That I'm not perfect  
Lord I'm just a man  
Born in a sinful world around me  
Lord I'm trying to be what you want me to be

God is not done working on me (repeat 2)  
He is not through just yet

Through all my trials  
I've gained strength in the lord  
Sometimes I wanted to give up  
Because the battle was so hard  
I'm just a soldier on his battlefield  
Fighting for victory lord be my sword and be my shield

God is not done working on me (repeat 2)  
He is not through just yet

**Take me Back** by: Jonathan Brown

Just the other day  
I was thinking bout  
How my life has changed  
Days go by much faster now  
Now that I've gotten older  
I reminisce about things of the past  
At times I wish I could go back  
The lord has blessed me so  
More than you could know  
But at times I wish that time would

Take me back oh take me back  
To the time when I was just a boy  
Take me back oh take me back  
So I can live life once again  
Take me back oh take me back  
To revisit all my mistakes  
Take me back oh take me back  
Give me a chance just to do things right

Now though I'm still young I regret some things  
Oh I wish I could do them again  
But now I walk straight with no worries  
I stand tall with my head up high  
I look to the days that I can tell my kids don't you make the same mistakes  
Will they listen or will they go astray  
Or maybe they to will say

Take me back oh take me back  
To the time when I was just a boy  
Take me back oh take me back  
So I can live life once again  
Take me back oh take me back  
To revisit all my mistakes  
Take me back oh take me back  
Give me a chance just to do things right

Take me back to the days with no worries  
Take me back to the days with no fears  
Take me back to the day I was a school boy  
I was blind to the world I was a newborn

## Interlude of Faith

Every time I think all hope is gone  
You step right in and then you show me  
That the victory has long been won  
At first I couldn't see but now I believe  
Nothing is impossible for god  
Try him for yourself  
Then tell someone else  
Why do we make believing so hard  
It's an easy thing just elevate your faith

**Forever** by: Joymimmy Blocton

Thank you for saving my soul you make me so whole

I'd like so much to thank you

Oh yes that's a fact

I love you

You are my angel

You are my armor

You protect me

Ph lord without you there is no me

I'd rather be with you so we can be

Together forever

We

I Gotta Praise by Jonathan Brown

I gotta praise  
Each and every day  
I'm not ashamed  
To lift up his holy name  
What about you out there  
Let me see you lift your hands  
And after all he's brought me through  
I'm gonna praise him while I can

I gotta praise (repeat)

Somebody's here for a blessing  
After all the time you been stressing  
Just cast your cares away  
And give god all the praise  
Thank him for what he's done  
How he gave his only son  
To die on Calvary  
So now we can be free

I gotta praise (repeat)

Now when the praises go up  
Look for your blessings to fall  
Cause when you serving the lord  
You gonna get your just reward  
So we singing and praising we all on one accord  
The Holy Spirit is moving we going high in the lord  
Everybody's got their hands up ready to catch them  
God is throwing out blessings right out the windows of heaven  
Then Satan's in the place trying to stop me now  
But I'm determined that nothing is gonna block me now  
I'm on a mission and I ain't quitting until it's done  
I'm going full force until I see the victory won

## **He's Been So Good**

(verse)

This world is a crazy place where your life don't last long when you running this race see an old man told me to watch the road that you choose cause you don't wanna end up with a mind of a fool so I took his suggestion and I started to pray I said lord please don't let me go astray

(chorus)

He's been so good he's been so kind he's always there always right on time he saved a wretch like you and me oh Christ is he died on calvary

(verse)

There was a time when I was lost, lost in a world with no hope abusive father and my mother not there the streets was a place I called home now god had a plan for me he took my best friend so I could see realizing if the tables were turned it really could have been me god saved me

(chorus)

(bridge)

Now the faith that I'm reaching for seems a bit extreme and the words of god seems really hard to believe but some feelings that I had before they come back again when I once was a Christian boy at the age of ten oh the joy that I'm feelin yall gotta hold of my soul and the spirit of Christ he answer wash my sins and now I'm whole and I'll tell the world about the change in me not afraid of the gospel and how it set me free

(chorus)

## **Made Up Mind**

I've made up in my mind to serve the lord  
It's not too late for my whole life to be restored  
To the way that the lord intended to be  
Holy and anointed  
Righteous and appointed  
Lord lead me to the place you want me to be  
So show me lord what I shall do  
To spread the word of someone who  
Who gave his life on Calvary  
To save a sinner just like me  
And show me lord your holy plan  
And I'll do as you command  
See I've made up in my mind to serve the lord

## Keep Holdin' On

(chorus)

Just keep holdin  
Gotta keep holdin on  
Must keep holdin on  
God will do just he said he will do

Just as he promised in his holy word  
He'd make a way for me according to my works and then he said  
If I bring my sacrifice he'd open up the window of heaven  
Pour me a blessing I wouldn't have room to receive  
I've got the victory all I gotta do is believe  
Believe and I shall receive  
All god has for me

(chorus)

I know it gets hard sometimes  
But be reminded it's just your time  
God just wants to test you to see if he can bless you with  
That change you been praying for  
He can open up that door  
Just hold on to your faith and stay in god's grace  
I've got the victory all I gotta do is believe  
Believe and I shall receive  
All god has for me

(chorus)

I'm hold on to god's hand  
I'm holding to his master plan  
Holding to what I believe  
Holding to my faith indeed  
I'm holding to his holy word  
Holding to his promises  
I'm holding to his blessings that he sent down to me  
I've got the victory all I gotta do is believe  
Believe and I shall receive  
All god has for me

(chorus)

Honor by Jonathan Brown

I'm giving honor to you

Honor to you

The bible says you must give honor to whom which it is due

You deserve so much acclaim

For your work in Jesus name

You've helped so many others to achieve wonderful things

I wish I could give you a great reward

For all the things you've done

But I know that there are blessings with your name in heaven

I don't have much but there's one thing I can do

To show my thanks for you

I can give honor

Honor where it is due

Cry No More by Jonathan Brown

The loving memories  
Of the times we shared will always be in my heart  
At times we laughed and sometimes we cried  
But through the good the bad  
You were right by my side  
Now you have gone away to a better place  
Where you'll worry no more  
And I know one day I'll see your face when I walk through heavens doors

You don't have to cry no more (repeat)  
Cry no more

I remember yesterday  
When we used to laugh and play  
With me you shared a few things  
Like your hopes and your dreams  
And all of your secrets that I promised to keep  
And I know one day I'll see your face when I walk through heaven's doors  
Til then I'll hold you down inside my heart now and forever more

You don't have to cry no more (repeat)  
Cry no more

Cry no more (repeat)
